

6KP

Concrete Grinder

The SASE® 6KP is ideal for high production in residential or small commercial projects. With 535 lbs. of pressure on a 25" diameter foot print the tiny machine packs a punch and still fits through a 28" doorway. The 6KP features a newly tuned and powerful 603 Kawasaki engine along with a new heavy duty frame and integrated swing weights.

FEATURES

- ▶ Powerful 18 HP motor
- ▶ Easy to use integrated weights allow for increased or decreased grinding pressure
- ▶ Compact yet powerful
- ▶ Perfectly balanced and built for low maintenance

TECHNICAL DETAILS

- ⚡ **REQUIRED CIRCUIT:** Propane
- ⚙️ **OUTPUT:** 18 HP Kawasaki Propane
- ⚙️ **VARIABLE SPEED:** 2600 - 3400 RPM
- ⚙️ **MACHINE HEAD:** (3) 9" Heads
- ⚙️ **GRINDING WIDTH:** 25" in (635 mm)
- ⚖️ **MACHINE WEIGHT:** 730 lbs (331 kg)
- ⚖️ **GRINDING PRESSURE:** 473 - 535 lbs (215 - 243 kg)
- 📏 **DIMENSIONS:** 71" x 44" x 26"
