

Edge Pro 180

Diamond Edge Grinder/Polisher

Now sold with 60' cord length!

- Variable speed control
- Heavy-duty steel frame construction
- Directional motor control keeps head against the wall
- Pivoting rear wheels allows grinding parallel to the wall
- Weights are positioned directly over grinding head for maximum down pressure
- Built in motor and circuit breaker protection
- Connects to SASE BULL 150 dust extractor for dust-free operation

Two 17.5 lb. removable weights included

SASE carries a complete line of 6" diamond tooling for the Edge Pro 180.
