

# QUIKCUT 2" SERIES

## HYBRID DIAMOND TOOLING

SASE QuikCut Hybrids are the perfect transitional diamond when transitioning from metal bond to resin bond diamond tooling. In some applications, QuikCut Hybrid tools can be used as the initial cut, thus eliminating the use of metal bond tooling saving in material costs.

**HOL.502838Y**

2" QuikCut Hybrid Diamond - Yellow Series (Hard Concrete 60/80 Grit)
