

BULL 1250 EBS

ITEM NUMBERS:

VAC.BULL1250.460V, VAC.BULL1250.230V,
VAC.BULL1250.380V

The SASE® Bull 1250 EBS is an electric-powered industrial dust extractor that is available in 460 & 230 volt. Like all SASE® Bull dust extractors, it is constructed of heavy gauge steel, making it the most durable industrial dust extractor in the industry. The Bull 1250 EBS is powerful enough to handle the workload of any industry floor grinder!

TOP FEATURES:

Our elongated bags cover over 42 sq/ft of filter area. This dust extractor provides a quiet, only 78 dB, operation. The second HEPA filtration is the best in our industry with a manual filter shaker system that is easy to use.

TECHNICAL DATA:

- 3 Phase, 460 Volt, 30 AMP
- Output: 8.5 HP (6.3 kW)
- Airflow: 388 cfm
- Lift: 132" (3352 mm)
- Machine Weight: 500 lbs (227 kg)
- Dimensions (L x H x W): 49" x 70" x 27"
(1245 x 1778 x 656 mm)
- Soft Start
- Includes 50' of 3" hose and 100' of heavy-duty power cord
- Constructed of 14-gauge steel for longevity in industrial use
- Secondary Backup Filtration System (HEPA)
- Quiet - only 78 dB
- Elongated bags over 42 sq/ft of filter area
