

# SASE DYES

Add vibrant color to your polished concrete floor with SASE dyes. SASE dyes are available in **liquid concentrate** and **powder dye** forms in both one and five gallons. To lock in colors and ensure long term beauty, use SASE dyes with all components of the **SASE Signature Floor System**: SASE densifier, SASE guard or penetrating sealer, and maintain with SASE polished concrete cleaner.

SASE Liquid Concentrate Dye

SASE Powder Dye
