

HORNET

ITEM NUMBER:

HORNET

The SASE® Hornet is an incredibly powerful battery-powered floor scraper. It comes complete with a 230 volt mobile charger. The Hornet offers all the power and production of a propane-powered machine, yet it runs at a fraction of the noise with zero emissions and fumes.

TOP FEATURES:

Designed to increase your profits! This machine includes integrated built-in charging ports, fits through a standard doorway, has a safety switch in the seat, has zero emissions and non-marking tires.
