

6KE

ITEM NUMBERS:

PDG.6000.11/.12/.13

The SASE® 6KE is a highly versatile 25" floor grinder that is small enough to maneuver in more confined spaces, yet powerful enough to provide superior performance when floor grinding, preparation, and polishing.

TOP FEATURES:

A compact yet powerful, perfectly balanced, and built for low maintenance planetary grinder. It includes easy-to-use integrated weights that allow for increased or decreased grinding pressure.

TECHNICAL DATA:

- (.07) 3 Phase, 380 Volt, 40 Amp (European)
- (.13) 3 Phase, 460 Volt, 40 Amp
- (.11) 1 Phase, 230 Volt, 40 Amp
- (.12) 3 Phase, 230 Volt, 40 Amp
- Output: (.07) European: 10 HP (7.5 kW)
- (.13) 7.5 HP (5.6 kW)
- (.11) 7.5 HP (5.6 kW)
- (.12) 7.5 HP (5.6 kW)
- Variable Speed: 600 - 1750 RPM
- Machine Head: (3) 9" Heads
- Grinding Width: 25" (635 mm)
- Grinding Pressure: 300 lbs (150 kg)
- Machine Weight: 700 lbs (317 kg)
- Dimensions (L x W x H): 55" x 25.5" x 72" with the handle up (1397 x 1422 x 813 mm) and 44" with the handle down
- Includes (2) 35 lb multi-position swing weights
- Operator-friendly control panel
- Ideal for confined or open spaces
- Perfectly balanced and low maintenance
- Dedicated tie down points
